Amit Kumar

I am a fast learner, good at coding and think out of the box. Can work well under pressure. I am a disciplined and punctual person who can complete the given task in a given time. Can solve complex logical problems in an easier way. Have worked on projects with group members.

EDUCATION

Lovely Professional University, Punjab, India. — *B. tech CSE (Computer Science Eng.)*

AUGUST 2019 - JUNE 2023 (Pursuing)

Here I got many new experiences, related to technical as well as life. Here

I compete with one of the best students, and learned a lot.

DAV Public school, Muzaffarpur,Bihar— *Intermediate (Science)*

APRIL 2017 - MARCH 2018

I completed my Secondary education in Science(PCM) with 77%. I took

the Science field because I want to be a software developer.

DAV Public school, Muzaffarpur,Bihar— *Matriculation*

APRIL 2015-MARCH 2016

I completed my primary education with 10 CGPA,including subjects Maths, Science, Social studies ,Sanskrit and English.

PROJECTS

Sudoku — *Make always new playful game*
- *Sudoku game with different logic, without backtracking or recursion with a key.*
- *This project tells me how much we have to read, just to make a simple plugin.*

Website for a Restaurant– *An interactive website*
- *Website for a restaurant using front end web development.*
- *Learned a lot about implementing different javaScript functions and CSS .*

Computer Geeks– *Website for learning*
- *It's created using front end web development*
- *Learnt many new things and had a good practice of JavaScript , CSS and HTML*
